

## MATTERS ABOUT TOWN.

**CUMBERLAND DRILL CORPS.**—The adjourned meeting of the commissioned officers of the several companies of the enrolled militia of this city and vicinity, was held at the old City Hall last evening. The committee appointed to draft By-Laws for the government of the corps, reported a list which was adopted, and a committee was appointed to make nominations for the several officers. The Cumberland Drill Corps was the name selected for the club.

**CORRECTION.**—We are informed that there was an error in our report of the city proceedings yesterday. The report says "Dr. Ludwig offered an order granting a bounty of \$100 to such persons as may enlist." Dr. L. informs us that the order he introduced provided for a bounty of \$100 to persons enlisting in the new regiments, and \$125 for recruits for regiments already in the service.

**GEN. SHEPHERD.**—We understand that Gen. Shepherd telegraphed to Alderman Putnam, asking that his friends should forego all display on the occasion of his arrival home. His request was complied with so far as the city government was concerned, but several hundred people gathered at the depot and manifested their joy by three hearty cheers as he was stepping into his carriage. The General appears in good health and spirits, and will remain at home until Saturday if possible. It is hoped that he will be able to address his fellow citizens before he returns to his post of duty.

**IN** these days of cheery peas, dauditions, and other base imitations, a cup of pure coffee is a rare luxury, the very existence of which is doubted by some. But it does exist, nevertheless; and if those who doubt will call at Smith's 14 and 16, Exchange street, they will not be longer. Not only is his coffee delicious, but his tables are bountifully supplied with the best the market affords. See advertisement.

**COUNTERFEIT POSTAGE STAMPS.**—A counterfeit of the twenty-four cent postage stamp has made its appearance in this city yesterday. Unlike the genuine, it has no figures in the corner, and the words "U.S. Postage, Twenty-four Cents," instead of being pasted above and part below the head, form a circle about it. The face is broader than in the genuine. The counterfeit may be easily detected.

**RECOVERING.**—Our highly esteemed fellow citizen, Alderman Thomas R. Jones, of Ward 6, is, we are happy to learn, rapidly recovering from his late severe illness.

**Rev. D. M. Graham** preaches this (Wednesday) evening, at Carleton Hall, at a quarter to eight o'clock.

**Persons** desiring to purchase furniture, will find what they want at Parker's, 148, Exchange St., whose advertisement appears in another column.

**TRIAL OF STEAM FIRE ENGINES.**—The Portland Company have just completed for the city of Portland, two Steam Fire Engines, one named the "Falmouth" and the other the "Union." These engines, in connection with the MacIntosh, will be tested this afternoon, at two o'clock, on Back Cove, at the foot of Wilnot street. Each engine will play through a thousand feet of hose for three hours, and they will be thoroughly tested to their utmost capacity.

**TRUNKS.**—We noticed some splendid trunks, of Portland manufacture, at Duran's, 165 Middle street, yesterday.

**FREEDMAN'S RELIEF ASSOCIATION.**—H. Hamlin, Esq., of Washington, President of the Freedman's Relief Association of that city, will address our citizens this evening, at the City Hall, on the wants of these fugitives from injustice, at Washington. These contrabands flee from Virginia, principally, in many instances their rebel masters having left them on their estates without any means of subsistence; they are of both sexes, and of all ages; hungry, ragged, and leg-weary; and we pity the person who can turn a deaf ear to these living appeals of "man's inhumanity to man." Mr. Hamlin asks no pecuniary aid now, but only desires that our citizens, like those of many other places, may organize a special committee on this subject, with a view to provide them with clothing, books, &c., to enable them to learn to read.

## Correspondence of the Press.

**JAY.**—The town of Jay, at a legal meeting of the voters on Friday, P. M., voted by a majority of \$100 to men volunteering to answer the last call of the President for troops. The quota of eighteen was filled on the spot.

**LYNDON.**—A correspondent in Lyndon, Aroostook Co., under date of the 21st, writes as follows:

We held our military election in this town, last Friday. Chose Benj. O. Barrows Captain John L. Smith 1st Lieut. The quota called for from this town is three, and at this meeting Captain Barrows and three others volunteered, so our quota is full and more. As this town has already furnished more than twenty volunteers, and has never yet had a commissioned officer, and as our Captain has volunteered, we all think he ought to have a commission. He is a stirring, active, wide-awake man, who, with a little experience, would make a good officer.

**FRANKLIN.**—An enthusiastic meeting was held in this town last week, over which Hon. John West presided. Speeches were made by Amos Wiswell, Esq., N. K. Sawyer, Esq., editor of the Ellsworth American, Rev. C. H. Ellis, Rev. Mr. Batchelor, and L. Butler, Esq. After the meeting the full quota of the town stepped forward, and gave their names to the recruiting officer.

**POWELL.**—At a town meeting held in this town, Saturday last, it was voted to pay a town bounty of \$100, and to raise the requisite amount \$1100 by a loan. Mr. E. Thoms, and D. T. Libby, Esq., offered to give \$50 each to the town should enlist first. Six men volunteered at once, and the full quota of the town will be made up in a day or two.

**BOOTHBAY.**—At a town meeting held in Boothbay Saturday, P. M., to see what should be done to encourage volunteers, a motion was made by the man that pays the largest tax in town to give them \$100, which was carried by a unanimous vote, and it was thought that in less than one week the quota would be made up, although this town has already furnished one hundred and thirty for the army and navy, and only about one hundred men are now at home liable to do military duty.

**WARREN.**—The following officers of the enrolled militia were elected on the 17th inst: R. H. Outhouse Captain; W. E. Green 1st Lt.; Charles Tarbell 2d Lt.; Charles N. Atherton 3d Lt.; Wm. H. Ham, 4th Lieut.

**BRIDGEWATER.**—The militia company of Letter B. Range 1, made choice of the following officers: John Nelson Captain; Leontine Chalmers 1st Lieut.; C. Boothbay 2d Lieut.; C. Harper 3d Lieut.; M. Nelson, 4th Lieut.

**WARREN.**—At a town meeting, this afternoon in this place, a resolution was presented, offering one hundred dollars to each volunteer. Not thinking that this was inducement enough, twenty-five more were added, making \$125 to each volunteer, who would enlist to make up the quota, and the Selectmen were authorized and instructed to carry this vote into effect.

## Skirmishing in Virginia.

Skirmish at Bolivar.

From Washington.

Washington, July 29.

Last night, in accordance with the orders to prevent any person taking goods from Alexandria across Gen. Pope's lines, ten wagons drawn by 20 horses heavily laden with market supplies, bread, clothing, shoes, &c., belonging to sutlers and others, were seized near Falls Church and brought to Washington, where they were released with 15 persons in charge. The men were released with an admonition from the Military Governor.

All the rebel prisoners in the old Capital will be sent to Fort Monroe to-morrow to be exchanged.

Maj. Gen. Pope and staff proceeded by rail this morning to his headquarters in the field. Before breaking up his headquarters here, Gen. Pope ordered that no passes to the lines of his army be granted to others than those having official business there.

Steamer Huntville captured off Abaco, British schooner Agnes of Nassau, with sixty bales of cotton, 40 bbls. rosin; also rebel steamer Reliance, just out from Doboy Bar, Georgia, bound to Nassau, with 245 bales of cotton, under command of Lieut. Gladding formerly of the U. S. Navy.

The following officers have been dismissed from the service: Capt. Samuel L. Harrison, 35th regt. N. Y. Vols.; Capt. Thompson, 44th regt. N. Y. Vols.; 3d Lieut. Edward Green, 31st N. Y. Vols.; 1st Lieut. Enoch C. Cloud, 55th Penn. Vols.

**From Fort Monroe.**

Fortress Monroe, July 28.

The opinion continues to prevail that the rebels are in strong force between Richmond and the Appomattox river, and that they are still sending forces to Washington. This opinion is strengthened by the pains taken to inform our prisoners and the officers in charge that an extensive movement of troops, which was seen as they were coming down was a re-inforcement for Stonewall Jackson.

The mail steamer from Harrison's Landing brings no news.

## Arrival of Wounded Prisoners.

Philadelphia, July 29.

The steamer St. Pauline has arrived with wounded Richmond prisoners. The list has already been published.

## Interesting from the South.

ARMY OF POTOMAC

July 29.

Dr. Williams who has been a prisoner at Salisbury, N. C. for several months, and who arrived here Saturday, having been unconditionally released, states that for 10 days after the battle in front of Richmond, one thousand rebel troops passed through that town daily, on their way to Richmond, and more were on their way. The Doctor's window overlooked the railroad and depot, giving him a good opportunity of ascertaining what was going on there. The troops came from James Island and Eastern Georgia. Among other facts the Doctor ascertained was, that 11,000 troops were at Charlottesville waiting transportation to Richmond; that 30,000 conscripts had been raised in the month of July and August since the month of July and August a proportionate number in other extreme Southern States.

He heard an Adjutant say that the rebels had 113,000 troops engaged in battle of seven days. He was accompanied by Dr. Stone, who was taken prisoner at Bull Run, and who corroborates the statement so far as relates to the movements of troops. On their way to Richmond they passed long trains of empty cars to the way South.

Gen. McCallan spent the entire day yesterday visiting the different hospitals, speaking words of encouragement to the sick and wounded, and seeing that their wants were properly attended to.

Boatmen landed down 405 wounded from Richmond, leaving about 700 yet to come.

## From New York

New York, July 29.

A letter to the Times gives a different light to the report of carrying off cattle from the army of the Potomac by the rebels. It says only five were taken, two of which had been slaughtered and the other three committed a mile outside of our pickets by 600 rebel cavalry. Our cavalry went out, but the rebels had skeddaddled.

Steamer Haze, from Newbern 29th, has arrived. No news, except that Col. Kurtz is having the negroes clean the streets.

A package of much needed goods has been received at the New England Rooms from Mrs. Phelps, Fairfield, Conn. The late arrival of goods, except that Col. Kurtz is having the negroes clean the streets.

Brig. Arostook, after Havana, at quarantine, reports the following deaths at Havana: W. S. Atwood of Kenduskeag, Mr. Hay of Portland, mate, B. D. Winslow of Dartmouth, Mass., and T. Sweet of Hampden, Me.

A meeting of the grain merchants was held to-day at the Produce Exchange, to devise ways and means to assist recruiting.

## From the Army of Virginia.

Waterloo, Va., July 29.

Scouting parties just returned report occasional skirmishing with the enemy near Orange Court House, but without definite results.

Gen. Ewell is reported to be in force at Orange Court House and through to Gordonsville.

His force is estimated at from 20,000 to 30,000. This force however does not secure the enemy's safety.

## From Tennessee.

Memphis, July 28.

Communication with the North is very irregular at present in consequence of all steamboats being taken for the use of Gen. Curtis's army.

Two hundred and fifty citizens left yesterday, some going north.

Orders have been issued opening Memphis to trade with the surrounding country, under certain restrictions. Persons will be free to interpose without papers, or any hindrance save the right of examination and search when the officers deem it proper.

## From the West.

Jefferson City, July 29.

Col. Guntar of the Missouri regiment, reinforced by Lieut. Col. Shaffer and Maj. Cropper, of Merrill's horse, and Maj. Caldwell of the 3d Iowa cavalry, six hundred and fifty strong, were attacked at Mooner's Mills, 7 miles east of Fulton, yesterday, by Porter and Cobb, nine hundred strong, and after fighting till after 4 P. M. the rebels were completely routed, with a loss of 75 or 100 killed and wounded, and 400 prisoners.

Col. Guntar reports the loss of 45 killed and wounded. He captured guns, ammunition, baggage, &c., in profusion.

The officers and men behaved splendidly. Cobb is reported killed.

Col. Guntar resumed pursuit last night, and will follow them over the Jordan.

## Guerrilla Raids.—The Late Naval Fight on the Mississippi River.

Chicago, July 28.

A special dispatch, dated Cairo 28th, says the rebels have taken possession of Humboldt on the line of the Mobile and Ohio railroad, and now hold possession. They have torn up the track for five miles.

A special dispatch to the Times from Memphis says the Captain of the gunboat Tyler reports eight killed and wounded on his boat at the late engagement with the rebel steamer Arkansas. He accuses Lieut. Hunt, commanding the Queen of the West, as behaving in a cowardly manner, having made no effort whatever to bring his vessel into action.

The officers of the Lancasters of the Queen of the West was the first boat that discovered the Arkansas, and she ran to the fleet for protection without firing a gun, and disobeyed signals to come to the aid of the Carondelet while she was engaged at close quarters with the Arkansas.

The Houlton Times says that American money is at a discount, and Province money at a premium here. This financial phenomenon has never before occurred in the history of this section of the State, that we are aware of.

**MAINE CLAIMS.**—The Washington correspondent to the Boston Journal writes that the famous Maine Claims for lands, which after they had been in possession of parties in this State and Massachusetts for some years were transferred into the British Provinces by the treaty of 1812, have been allowed by both Houses of Congress, and \$37,500 have been appropriated for their payment. The principal recipients are Laura A. Stebbins, of Bangor, and Rufus Mansur of Houlton in Maine, and James A. Drew of Chelsea, Catherine C. Ward of Roxbury, Edmund Munroe and Benjamin Sewall of Boston in Mass.

**TROUBLE AMONG THE PLAYERS.**—The Boston Post says that "an injunction was served yesterday afternoon on Messrs. Kimball and Keach, of the Museum, and Messrs. Fox and Pilgrim, of the Fox Ravel Troupe, by Wm. B. English, of the National Theatre, to restrain Hernandez, the pantomime, from acting at the Museum. Mr. English alleges that Hernandez is under contract to play at his establishment.

**A PLEASANT ENDORSEMENT.**—Occasionally an application for discharge from the army of the Potomac is sent to head quarters, endorsed by the commander of the brigade and division. "Approved, because of unconstitutional cowardice in the applicant."

The Penobscot County Convention of Republicans and all others supporting the State and National administrations, is to be held at the City Hall, Bangor, on Friday, August 22.

**HENRY WAGNER HALLOCK.**—The new commander in chief of the land forces of the United States, was, till he received his present exalted position, one of the four major generals of the regular army of the United States. He is about 42 years of age, and was born in Weston, Oneida county, New York, where his grandfather, 100 years old, and still hale and hearty, resides at the present time. Gen. Hallock entered the Military Academy at West Point cadet in 1835; stood third in the class, and was breveted second lieutenant of engineers July, 1839. He was acting assistant professor of engineering at the Military Academy from July, 1839, to January, 1840. In January, 1845, he was appointed 1st lieutenant, and during the year was elected by the committee of the Lowell Institute, at Boston, to deliver one of the regular courses of lectures on the subject of "Military Science and Art." In 1847 he was breveted captain for gallant conduct in affairs with the enemy on the 10th and 20th days of November, 1847, and for meritorious service in California. He was promoted to the rank of major in 1848, and was a member of the committee to draft the constitution of the state of California. In July, 1852, he was appointed captain of engineers. Independent of his military capacity, Gen. Hallock is noted as an able lawyer of San Francisco. He left his lucrative business to take up arms in defense of the cause of the government in the United States, and was created by Congress a Major-General of the army, his commission bearing date August 19, 1861. He is reported to be a very worthy man and a good soldier.

**Worcester Spy.**

A crusty old bachelor says that Adam's wife called Eve, because when she appeared man's day of happiness was drawing to a close.

**MORE THAN HE BARGAINED FOR.**—The New Orleans Delta has the following: "Capt. B. F. Perry, who carries a very damaging piece of shrapnel in his pocket, intended as evidence of a commission in the rebel army, in attempting to carry out his guerrilla instructions, by enforcing three German into the rebel service, near the bayou, outside the lines of our pickets, found himself in the hands of a 'superior force.' The honest Dutchman, not relishing conscription, and having no respect for his authority, although he had drawn a pistol on them, lent a hand, and placing him in the boat conveyed him with in the lines of the 8th Vermont. He was taken charge of by the officer in command of the outpost and forwarded to headquarters. The Parish, prisoner, furnished him a shelter last night. Upon his person were found divers papers, and several letters of more or less interest."
